Powerful, True360 sound, wireless speaker for your home that can be used as a standalone or be replicated in multiple rooms – a streaming speaker that deserves centre stage because of the way it looks and sounds. Features a crafted aluminium top and exchangeable wool blend fabric cover from Kvadrat to fit your interior decoration. With its visually stunning appearance, the design of Beoplay M5 is inspired by the idea of connecting spaces in the home. The cylindrical shape ensures that sound is projected from all angles.
